Morning subject, "Christian and Turk;" evening, "The Battle Between Life and Death." Sunday school and class meeting at 9:30 a. m. Christian Endeavor, 6:30 p. m. Prayer meeting Thursday evening at 7:30. All are cordially invited. ROBERTS PARK M. E. CHURCH-Corner Delaware and Vermont streets. Rev. T. I. Coultas, D. D., pastor. Class meetings at 9 a. m. Sunday school at 10 a. m. At 11 a. m. Rev. Wilber F. Crafts, super-tendent of the National Bureau of Reforms, Washington, D. C., will speak on "Our Country's Needs." Preaching by the pastor at 7:30 p. m.; subject, "Christianity and Morality." Epworth League at 6:30

m. Prayer meeting Thursday evening at 7:30. Strangers welcome. Presbyterian.

SECOND PRESBYTERIAN CHURCH-Corner Vermont and Pennsylvania streets. The Rev. Joseph A. Milburn, pastor. The Rev. Edward Baech, associate pastor. Preaching at 10:45 a. m. and 7:30 p. m. Young People's Society Christian Endeav-or, 6:45 p. m.; Sunday school, 9:45 a. m. Prayer meeting Thursday evening, at 7:30. Mayer Chapel, corner of West and Catharine streets-Sunday school at 2:30 p. m.; prayer meeting, Wednesday evening. MEMORIAL PRESBYTERIAN CHURCH-Christian avenue and Ash street. Rev. Frank O. Ballard, pastor. Sunday school, 9:15 a. m.; Junior C. E., 3 p. m.; Senior Y. P. S. C. E., 6:45. Public worship at 10:30 a. m. and 7:45. The Rev. J. E. Brown will assist the pastor and preach in the morning. In the evening will be the annual meeting of the Ben Oliel Auxiliary; a mixed programme. Dr. Rondthaler and Miss Kirby will speak, and Mrs. Gatchel and Mr. Hasselman will sing. Recent news letters from Jerusalem will be read. TABERNACLE CHURCH-Corner Meridian and Second streets, Rev. J. A. Rondthaler, D. D., pastor; Rev. W. B. Dunham, essoclate pastor. Preaching by pastor, at 10:30 a. m. Sunday school, 2:15 p. m. Y. P. S. C. E., 3:45 p. m. The associate pastor will hold communion service, with short ser-mon, in West Washington chapel, at 10:30 a. m.; also, preach in Mount Jackson Chapel, at 7:30 p. m.

Crawford Fairbanks on the Boud. Harry Walker, the man who signed the bond of James B. Wilson, editor of the People, who was convicted in the federal court of sending obscene matter through the mail, surrendered Wilson to the United States marshal yesterday and asked to be released from the bond. A new bond was then made, with Crawford Fairbanks, the whisky king of Terre Haute; Phil Zapi and George Colter, saloon keepers on Vir-ginia avenue, and Harry Walker as sure-

Probate Appointments. John M. Williams was yesterday appointed guardian of Joseph Coffin, aged thirteen with a bond of \$500.

Harrold Schmidt was appointed special administrator of the estate of Frank Haffner.

AGREEMENT OF THE WESTERN PAS-SENGER ASSOCIATION IN DANGER.

Market Still Flooded with Union Pacific Tickets-A Powerful Passenger Engine-The Lima Northern Road.

The making of a serious row before the Western Passenger Association is on, says a dispatch from Chicago, and, unless the matter is speedily settled, its agreement to maintain rates will be smothered into little bits. When the Denver & Rio Grande became a member of the Western Passenger Association it was with the understanding that the Union Pacific would clear the market of all its tickets on Utah and Colorado husiness. Now the Denver & Rio Grande claims that the promise of the Union Paoific has not been kept, and that the market is as full of tickets as it ever has been. It is claimed that at least fifty of the tickets are in the hands of brokers at Denver, and that many more are scattered throughout Utah and Colorado. The Denver & Rio Grande now gives notice that to meet the competition of these tickets, it will pay a commission of \$5 on all tickets from Utah and Colorado points to the Missouri, and, if this commission is not enough to make the Union Pacific Withdraw the tickets, it will double the commission. The other lines in the association are deeply concerned over the matter, and it is likely that a meeting of the general managers of the association roads will be held in a short time to see

if the matter cannot be remedied. A dispatch from Omaha says: Replying to the charges of the Rio Grande that the Union Pacific has flooded brokers with blocks of tickets, thus diverting legitimate Rio Grande traffic, and announcing heavy commissions for all business routed over its lines, General Passenger and Ticket Agent Lomax denies that the Union Pacific has violated any agreement. The Utah agreement is to be taken up at Denver to-morrow. He asserts that no more tickets of this issue of the Union Pacific are in brokers' hands than those of its competitors and that as to paying exorbitant commissions, the Union Pacific deprecates the idea, but is prepared to meet competition in any and all forms. tion in any and all forms.

A Fine Passenger Engine. Considerable rivalry exists in the matter of large, fast, passenger engines, and the Louisville, New Albany & Chicago company, not to be outdone, ordered from the Rogers locomotive works some of their best type of passenger locomotives. One of these ten-wheel engines yesterday made its first trip over the road from Chicago to Indianapolis, hauling Train 31. In speaking of this locomotive, George Lowell, general superintendent, said: "This engine is now pulling trains in and out of Chicago every night which contain twelve or thirteen cars, and several times of late sixteen to eighteen, and has made schedule time, which is very fast." Mr. Lowell says the engine is capable of hauling these heavy trains at a speed of fifty miles an hour, and the management is very proud of this class of engines and their performances. Now that the company has its new steel rail in from Chicago to Indianapolis, weighing seventy-five pounds to the yard, these engines can be used on express trains with safety. General Super-intendent Lowell gives the following description of engine No. 91, which took out Train 30 yesterday: Weight in working order, engine, 131,000 pounds; weight of en-gine and tender, 210,000 pounds; size of cylinders, 20x24 inches; size of driving wheels, 62 inches; diameter of boiler, 62 inches; number of flues, 272; length of flues, 13 feet 7 inches; size of fire box—height at flue sheet, 74 inches; height of door sheet, 59 9-16 inches; width at bottom, 33% inches; width at crown sheet, 67% inches; width of door sheet top, \$2% inches;

width of door sheet bottom, 33% inches; length of fire box, 120 inches; tender, capacity, tons coal, 9 tons; capacity, gallons water, 4,000. The Santa Fe's Western Terminal. A San Francisco Dispatch says: The sale of the Santa Fe railroad, at Topeka, has occasioned a great deal of gossip in railroad circles as to the probability of the new management building from Mojave into San Francisco. The scaling down of the debt of the big corporation, as evidenced by the price the property brought at the foreclosure sale, is considered by competoreclosure sale, is considered by competent judges as placing it in a healthier financial condition than it has been in the past ten years. Ripley and Robinson are cosidered by local officials as being in favor of making San Francisco the Western terminus of the line as soon as practicable. The Santa Fe now has its passenger and freight cars running into and out of this city to Mojave, by the Southern Pacific, in pursuance of a traffic contract with Mr. Huntington. This contract gives the Santa Fe the right to run its own trains into San Francisco if it sees fit at any time to do so. It has never availed itself of this privilege, however, and simply pays Mr. Huntington a rate of so much per mile for all its cars the Southern Pacific hauls between here and Mojave. The contract provides that either party may break it after giving a year's notice of intention. No such notice has been given by the Santa Fe and some of the Sauthern Pacific avoids. of the Southern Pacific ouicials say they do not believe the Santa Fe will break the contract in the near future. They, however, admitted that the Santa Fe must necessarily come here some day, instead of hav-ing Mojave for a terminal. While none of the directors of the San Joaquin Valley railroad cared to be quoted on the subject, several of them thought that when the Valley road was built into Bakersfield the question of the Santa Fe wanting to connect with it would come promptly before both companies for serious consider

The Lima Northern. The Lima Northern is being pushed forward with all possible haste. The line was yesterday completed to Ottawa, twenty-one miles from Lima. At Columbus Grove connections were made with the Northern Ohio, formerly the Pittsburg, Akron Western, recently purchased by Senator Brice. North from Ottawa the line is rap-idly nearing completion to Leipsic. Next week will see that portion of the line com-nected. Ohio Southern freight trains will commence running to Ottawa Monday. The new passenger depot jointly erected by the Lima Northern and the Ohio Southern was completed yesterday and trains discontinue the use of the Chicago & Erie terminals last night. The colored employes, who struck on account of expecting to have to pay for fuel used in their camp, have gone back to work, as no such move was contemplated. Hon. James E. Townsend, one of the prime movers in the road, is in New York consulting with C. N. Haskell and other promoters of the road.

One of Brice's Schemes. A dispatch from Cincinnati says: A long list of transfers of property along the terminal of the Cincinnati Northern railway, and in the vicinity of the entrance to the Deer Creek unfinished railway tunnel, to E. R. Leland, of New York, trustee, has given rise to speculation regarding a big railroad project. It takes form in this way: That Senator Brice, who controls the Cincinnati, Jackson & Mackinaw rosad, is in this way trying either to get possession of the Northern or build a road parallel to it to Carlisle, about forty miles, to reach this line. Still another theory is that a purchase of the old tunnel is intended to be followed by its opening for a new entrance to Cincinnati. A large number of the transfers are recorded as made to Leland, trustee, "for \$1 and other considerations."

Important Coming Changes.

The Columbus (O.) Dispatch claims to have learned from reliable authority of a number of changes which are to take place on the southwestern system of the Pennsylvania lines west of Pittsburg on Jan. 1. G. Darlington, superintendent of the adianapolis division, who is now ill in New York, is to retire from the service, which will necessitate a number of changes. The office of assistant to the general manager office of assistant to the general manager has been vacant for some time and it is said that J. J. Turner, superintendent of the Pittsburg division, has been selected for the position, although he may be made assistant to General Superintendent Miller, with headquarters at Columbus. The official announcement of these and other changes is expected within a few days. Blanchard and Hayden Selected.

George R. Blanchard, formerly commissioner of the Trunk Lines' Association, has been named as a commissioner of the new Joint Traffic Association, and Vice President Hayden, of the New York Central, has been elected permanent chairman of the poard of managers, Personal, Local and General Notes.

To-morrow the Pittsbur- Fort Wayne & Chicago will commence using its second track between Wheeler and Valparaiso. The

The largest piece of GOOD tobacco ever sol' for 10 cents

track layers are now laying the second track between Valparaiso and Winslow, and expect to have it ready for service by Haute & Indianapolis, is in the city for a day or two. In November there were handled at the Union Station 3,594 passenger trains, on which were hauled 21,287 cars. The Baltimore & Ohio is now hauling a larger tonnage of freight East from Chicago than at any time for several years The Ohio coal roads are all showing in-creased earnings, and their December earnngs promise to be the most satisfactory in

W. H. Stevenson, of Boston, has been appointed receiver of the Lancaster & Hamden railroad, vice John G. Short, re-The Pennsylvania Company's shops at Fort Wayne are so crowded with business that in the iron departments a night force is to be put to work next week. John G. Williams, vice president and general manager of the Vandalia, and N. K. Elliott, general superintendent, were in the city yesterday on official business. William R. Crawford, general solicitor for the Chicago & Southeastern, who has been confined at home for six weeks with typhoid fever, is slowly recovering. Passenger Conductor Patterson, on the Lake Erie & Western, is off duty. He fell over a small truck on the platform at Plymouth and fractured one of his ribs. Charles Hendricks, passenger conductor on the Big Four, has been granted a two months' absence, and, accompanied by his wife, left, yesterday, for a trip through old

F. R. Hale, recently promoted to the freight and passenger agency of the Vandalia, at St. Joe, Mich., will not take charge until Jan. 1. He is now absent on a leasure trip. The Louisville, New Albany & Chicago is arranging to put three of its new heavy passenger engines in service between Indianapolis and Chicago to haul its heavy ex-

C. D. Law, superintendent of the Western division of the Pittsburg, Fort Wayne & Chicago, started, Thursday, on a Southern trip. He will, while absent, visit the exposition at Atlanta. U. C. Stover, claim agent of the Chicago & Southeastern, is in the city looking after some legal matters. He says the company is now freer from litigation than at any

The Chicago & Eastern Illinois lines earned in the first week of December \$91,-400, a decrease as compared with the corresponding week of 1894 of \$4.506. Since July Harry Crawford, sr., president of the Chicago & Southeastern, who of late years has spent most of his time in the East, returned yesterday and will be in Chicago and other Western points most of the time

It is stated on excellent authority that Assistant General Freight Agent Holliday, of the Big Four, with headquarters at St. Louis, has decided to remain in his present position, not accepting the one offered on the Wabash. The cars which the Indiana Car and Foundry Company will commence delivering to the Pennsylvania Company next week will be assigned to the Pittsburg, Fort Wayne & Chicago and all will go into the Union line fast freight service. After trying the "chain gang" system on the transchio division of the Baltimore & Ohio for two weeks, in accordance with the wishes of the engineers and firemen, the plan has been abandoned and the plan of regular engine and regular crew adopted. Frank Foley, for some time past chief clerk in the office of J. R. Cavanaugh, superintendent of car service of the Big Four, left, last night, for Peru Ind., to take the position of chief clerk of M. P. Denniston, division superintendent of the Lake Erie & Western

Merchants and jobbers of Kansas City are protesting because the railway companies have advanced switching charges on private tracks from \$3 to \$4 and on other tracks from \$4 to \$5. Indianapolis shippers and jobbers pay but \$1 per car for switching saveting saveting. J. L. Allen, a telegraph operator at Laretto, Ky., has invented a railroad clock that is a marvel of ingenuity. It registers each train as it passes a station, the time it passes, and an accompanying device gives warning to an incoming train when

a train has passed that station within fif-

H. M. Diehl, who has charge of the air-brake department of the Pittsburg, Fort Wayne & Chicago, has invented a system

of testing air brakes which will greatly facilitate the work. He has constructed a rack which will accommodate five cylinders, and in such a position that any defect is readily discovered Within twenty-four hours after it was announced that the national Republican convention was to be held at St. Louis,

Passenger Traffic Manager McCormick, of the Big Four, and E. A. Ford, general passenger agent of the Pennsylvania lines west, were arranging to secure the cream of the business for that occasion. The December number of Baldwin's Official Railway Guide is received. Each month shows an improvement in the information it gives. Mr. Baldwin was obliged to give up the position of general passenger agent of the Louisville, New Albany & Chicago on account of ill health and his friends will be pleased to know that his new venture is proving a successful one financially.

The Eastern passenger men, a Chicago dispatch says, are awaiting anxiously to hear more of the alleged excursion of the Lake Erie & Western, and declare that, unless they receive within a short time satisfactory assurances that no such excursion will be run, they will take measures to meet whatever rate the Lake Erie & Western may put in or such rates as they consider it likely to make consider it likely to make.

About six months ago John Hugo, who had for forty consecutive years been baggagemaster of the Panhandle at Pittsburg, retired, he being seventy-five years of age. Wednesday morning he left his home on an errand and was crossing the Pennsylvania tracks when the third section of the Western express engine struck him, threw him into the ditch, and he died before he could be removed to his home. A dispatch from San Francisco says in the case of Richard Collier, arrested at the instance of the Southern Pacific for riding on a ticket issued in the name of William H. McPhee, Police Judge Conland reduced the charge to a misdemeanor, and reduced the charge to a misdemeanor, and Collier pleaded guilty and paid a fine of \$10. The ticket was issued in Chicago and sold to Collier by a local scalper. Collier was ejected from the train at Port Costa and arrested for falsely personating another the contract of the contract of

A sweeping reduction in rates has been announced by the Southern Railway Company to the Atlanta exposition from Washpany to the Atlanta exposition from Washington and other points on its lines. Tickets will be on sale Sec. 19 to 25, inclusive, good five days from late of sale, the rate from Washington being \$8.75 for the round trip. The distance is 1,300 miles. These are the lowest rates ever authorized for any similar occasion and great crowds are expected to go to the exposition during the holidays.

The American palace car, which was on exhibition yesterday forenoon, on the Ten-nessee-street spur tracks of the Union Railnessee-street spur tracks of the Union Resiway Company, was taken west at noon over
the Vandalia. While here the car was visited by a number of railroad men, who
thought it an improvement over the Wagner or the Pullman car, but expect it will
be slow in coming into general use unless
it is put in service at reduced berth rates,
which, it is reasonable to expect, can be
done, as the car, although as comfortable,
is much less expensive than the Wagner or
the Pullman cars. The principal feature of
the car is that it is easily converted from
a comfortable sleeping car to a cheerful,
well-lighted parlor car.

It is stated that the Vanderbilt people

Well-lighted parlor car.

It is stated that the Vanderbilt people have decided that with the taking effect of the spring time table they will put on, in both directions, between New York and Chicago, trains to cover the distance in eighteen hours, running these trains only six months in the year, while travel is at its largest volume; further, it is stated that the Big Four will also have a portion of the train turned over to it by the Lake Shore at Cleveland and will make proportionately fast time to Cincinnati, Indianapolis and St. Louis. This is the present plan of Passenger Traffic Managers Daniels, of the New York Central; Smith, of the Lake Shore, and McCormick, of the Big Four.

Four.

T. C. Smiley, chief clerk of Ford Woods, general freight agent of the Peoria & Eastern, became indignant over the equipments of Mr. Woods's office and dropped a line to Oscar Murray, freight traffic manager of the Big Four and the Peoria & Eastern, asking permission to get a complete new outfit for the general freight agent's office. This was granted and the furniture and a good carpet purchased at once, and on going to his duties yesterday morning, Mr. Woods was surprised at the change. The outfit of the office consists of a large new desk, large table, book case, hat rack, carpet and four large, inviting chairs. One of the pleasantest things about the surprise was that the shippers had supplied his desk with a new and very complete outfit, even to the baskets and weights. On the elegant cut-glass inkstand the recipient's name is neatly cut.
